PREFACE.

An Illustrated Price List has become almost a necessity to the Marble Trade. The most complete one which has heretofore been issued was that of the Producers' Marble Company for 1886, with its supplement in '87. As some of those designs, however, are now becoming obsolete, while many of our new ones are proving to be very popular, a thorough revision of the old, or, what is better, a new book, seems necessary to meet the requirements of the Trade.

The favor with which the former Illustrated List was received has induced us to issue this one on substantially the same general plan. It has been compiled with care and contains cuts and prices of over two hundred of our new designs, besides all of the best ones of the P. M. Co., making, we believe, the most complete Price List of Finished Work ever issued.

With our best wishes for a prosperous and Happy New Year, we present this book to our patrons in the hope that it may prove to be convenient and helpful.

VERMONT MARBLE CO.

Proctor, Vt., January 1, 1889.

TERMS.

- 1st. Settlements are required within 30 days from date of invoice—by cash less 3 per cent—or by satisfactory bank note of even date with invoice in full at 3 months, with exchange on New York in either case; otherwise bills will be treated as due from date of invoice and subject to sight draft.
- 2d. All claims for errors in measurement or for unsoundness must be made within 20 days from the receipt of the marble, and no charge for work on defective marble will be allowed.
- 3d. All marble will be carefully loaded on the cars free of charge and shipped the day the bill is dated, which is a delivery to the purchaser. The Railroad company's receipt shall be sufficient evidence of such delivery. While we are not responsible for damages or delays in transportation, unless caused by our mistake, we will cheerfully assist in collecting overcharges if vouchers are promptly sent us.
- 4th. A discount of 5 per cent will be given on car load lots of 24,000 pounds or more in one order—this to be deducted from the invoice.
- 5th. All new customers of whose responsibility we are not advised will please give reference at the time of giving their orders.

FREIGHT.

We pay particular attention to Freight rates and will secure the lowest possible rates for our customers. Unless otherwise directed we ship all marble by the cheapest route "owners risk released," and subject to the official Freight Classifications.

Should overcharges occur and you desire us to assist in collecting the same, please send the original paid freight bill and bill of lading, and in case of over weight a weigher's certificate of the weight.

No Goods sent C.O.D., or sold at Retail.

BRANCHES.

The prices contained in this Book are F. O. B. cars at our Mills in Vermont.

For the convenience of our patrons and in order to more quickly supply their wants, we shall continue to maintain a number of Branches.

Our representatives in the different cities and the additions which should be made to these prices to ascertain their price are as follows:

BUILDING MARBLE.

In selecting a building stone, we naturally seek that which combines in the highest degree the qualities of strength, durability, beauty and cheapness. Marble has been proven by actual experience to answer these requirements better than any other known building material. Vermont marble is the best for this purpose, because of its peculiar adaptability to out-of-door use and exposure in our changeable climate.

BUILDING DEPARTMENT.

The Vermont Marble Company is the only concern in Vermont, which, in addition to its Monumental business, makes a specialty of Building Marble and has a separate department for such work, under the immediate charge of competent and experienced men.

MARBLE FRONTS.

We finish and set building fronts complete. The beauty of our material and the excellence of our workmanship can be seen in any of the numerous jobs executed by us. A few of those which we have constructed, or are now constructing, are:

ADVERTISER BUILDING, Boston, Mass.

NEW SPIRE OF GRACE CHURCH, New York, HATHORN COTTAGE, Saratoga, New York.

Rutland Marble. Suth. Falls Marble. Suth. Falls Marble.

CHURCH OF OUR LADY OF GOOD COUNSEL, 90th St., New York.

Mountain Dark Marble.

RESIDENCE OF Dr. M. S. BUTTLES, 103d St. and Riverside, Drive, New York.

Mountain Dark Marble.

TERRACE WALL AND GRAND STAIRWAY, U. S. Capitol, Washington, D. C.
Rutland White Marble.
STATE HOUSE (Pillars and Interior work), Indianapolis, Ind.

TRIMMINGS.

To the Marble Trade the most important use of Building Marble is as Trimmings. The judicious use of a little Marble will wonderfully increase the beauty and artistic effect of an ordinary brick front. We furnish from the saw or fitted ready to set LINTELS, SILLS, KEY-STONES, STEPS, WATER TABLE, PLATFORMS, etc., either in

SUTHERLAND FALLS LIGHT OR DARK CLOUDED, MOUNTAIN DARK.

RUTLAND WHITE, DARK CLOUDED OR BLUE.

For further information see our Building Circular. For Prices, Estimates, Samples, etc., write us.

SPECIAL NOTICE TO MARBLE DEALERS.

The use of Marble for Trimmings is growing rapidly. It is an excellent opportunity for you to increase your business by introducing this use of Marble in your vicinity.

We have lately furnished thirty thousand Tile for the Building for the State, War and Navy Departments at Washington. A letter from the Department Oct. 12, 1887, by direction of Col. Casey of the Corps of Engineers, in speaking of the number of Tile received in broken or imperfect condition, says:

"It is really a much smaller proportion than we ever before experienced, and attests the special care taken by you in getting out the work."

COPING.

FINE SAND RUBBED AND BOXED.

We call special attention to our new designs for Coping and Posts. Sutherland Falls Marble is admirably suited to this class of work, and has given excellent satisfaction in the past. It looks better and is much cheaper than granite. Estimates given on circular or other shaped lots.

VAULT A.

We will quote price on above Vault upon receipt of information as to the sizes and style of interior finish required.

For Vaults and other out-of-door uses, marble combines in the highest degree the qualities of strength, durability, beauty and cheapness.

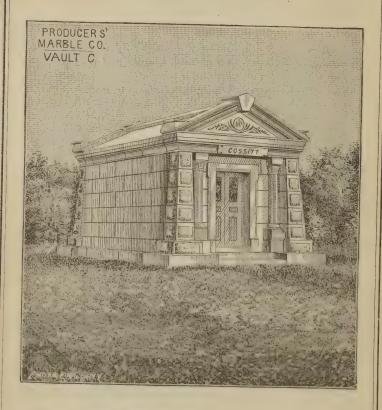

VAULT B.

We will quote price on above Vault upon receipt of information as to the sizes and style of interior finish required.

Vermont Marble is the best for vaults because of its peculiar adaptability to exposure in our changeable climate.

VAULT C.

We will quote price on above Vault upon receipt of information as to the sizes and style of interior finish required.

Marble is the strongest building stone in use. Its crushing strength, according to tests made in 1888 by United States Engineers, is for our different varieties from 15,000 to 22,000 lbs. per square inch.

VAULT D.

We will quote price on above Vault upon receipt of information as to the sizes and style of interior finish required.

Our Marble is fine, hard and close grained. It does not absorb impurities, and dust does not readily adhere to it.

VAULT E.

We will quote prices on above Vault upon receipt of information as to the sizes and style of interior finish required.

Any of our different varieties of marble are suitable in color to use for vaults, and excellent effect can be secured by combining two or more of them.

VAULT F.

We will quote price on above Vault upon receipt of information as to the sizes and style of interior finish required.

The Vermont Marble Company is the only concern in Vermont which makes a specialty of marble for building and vault purposes and has a separate department for such work.

VAULT G.

We will quote prices on above Vault upon receipt of information as to the sizes and style of interior finish required.

With new machinery lately added to our Building Department, we have unequaled facilities for constructing Cemetery Vaults.

PHOTOGRAPHS.

Having our own Studio and employing an experienced artist in this Department of our business, we are able to supply the Trade with first-class Photographs of all the Designs contained in this book. We are the sole owners of the original negatives of our Designs, and also of those of the Producers' Marble Company. Our Photographs are handsomely mounted on tinted cards 10 by 4½ inches, or prepared ready for binding, as may be preferred. We also make of our more elaborate jobs finely executed Photographs 13 by 7½ inches, on extra heavy card-board.

PRICES.

Regular size cards, per dozen	\$ 2.00
Regular size, mounted in book form, per dozen	2.00
No extra charge for binding if three dozen or more are bound	
in one book.	PE

Large size, each....

The cuts in this book are from our Photographs, which show our work as it is now made. To avoid any discrepancy, Photographs which may be wanted of any of these designs should be ordered directly of us or our Branches, or the wholesale dealers whom we supply. Otherwise we cannot hold ourselves responsible for errors which may occur on that account.

FINISHING.

ALL MONUMENTS AND TABLETS will be traced as shown

in the Designs, unless otherwise ordered.

URNS AND OTHER TURNED WORK that show tracings in Designs will not be traced without special instructions, if balance of Monument is not ordered finished.

WHERE LETTERING IS SHOWN on any Photographs or

Cuts, such lettering is not included in our prices.

DOWELL HOLES will be drilled in all Tablet Designs when

ordered complete with Base.

BOTTOM BASES for all Finished Work will be of Inferior No. 3 Marble, and sand finished, unless otherwise ordered.

ESTIMATES on any work not quoted in this list cheerfully fur-

nished upon application.

To show the high estimate put upon our Finishing, we quote from a letter Dec. 8, 1888, of J. G. Bacon, Chairman of the Committee of the First Congregational Church, San Francisco. Speaking of a font lately placed in that church which was made by us he says: "It is a magnificent piece of work, and I fancy there is no such beautiful block or blocks of White Marble in this city as the basin and the foot of the elegant font. It is visited by very many to see the work, and is the theme of praise by all people who call."

NEW FINISHING SHOPS.

Although our facilities for finishing marble have heretofore been unequalled, we are adding to this department of our business, and shall complete before Spring our new Finishing Shops at Proctor. These buildings, which are made of marble, two stories high, with a deep and well-lighted basement, are one hundred and seventy by eighty feet, and were begun in 1887. Great effort has been made to adapt them fully to the convenience of the particular work for which they are intended.
